*The Hammonton Education Foundation proudly invites you
to be part of one of our newest fundraising initiatives!*

**“Cultivating Our Blues”
From Seeds of Learning to Fruits of Knowledge**

This theme celebrates both Hammonton’s **most renowned crop**  and **traditional school color**. 

After a very successful Blueberry Bush display at the Hammonton High School, our newest rendering is permanently mounted in the Hammonton Middle School’s main hallway. We will proudly display leaves, berry clusters, trunks, and foundation rocks engraved with the family names, business names, civic organizations, or sentiments of project donors. Foundation supporters will be visible to students, educators, and other district personnel as well as our extended community. You can honor educators, clubs, sports, students, former students, families, businesses, and our joint stakeholder support.

The Hammonton Education Foundation has facilitated numerous projects, providing the school district with nearly **\$500,000 in funds, donated labor, and materials**. Cross-curricular projects, technology, visual, dramatic and musical arts, math and science, library and classroom reading materials, outdoor gardens, and indoor greenhouses have all been supported in each of the four Hammonton school buildings. None of this would have been possible without generous support from individuals, businesses, and organizations in our community.

Please join the HEF’s rewarding work of enhancing educational programs for our students. Every donation—regardless of the amount—will help us continue to provide the “advantages” that can make a big difference for our students. To participate in this most worthwhile initiative, please complete the enclosed form.

Sincerely,

Hammonton Education Foundation
